PECG Congratulates Governor Brown on Historic Fourth Term

SACRAMENTO, Calif. – The Professional Engineers in California Government (PECG) released this statement from President Roy Flores following the inauguration of Governor Jerry Brown this morning.

“The Professional Engineers in California Government congratulate Governor Brown on his historic fourth term as Governor of our great state,” Flores said. “PECG looks forward to continuing to work with the Governor to tackle California’s infrastructure issues, fight climate change, promote renewable energy and ensure taxpayers continue to have a safe, reliable transportation system, along with clean air and clean water.”

PECG represents 13,000 state-employed engineers and related professionals responsible for designing and inspecting California's infrastructure, improving air and water quality, and developing clean energy and green technology.
