

**PROFESSIONAL ENGINEERS IN CALIFORNIA GOVERNMENT  
2021 - 2022 GOLDEN GATE SECTION ELECTION  
Candidate Statements**

**Vice President Rank and File:**

**David Tanouye**

I appreciated the opportunity to serve as Secretary of the Golden Gate Section last year and hope to carry over my experience as a candidate for VP Rank and File in this upcoming election. This is my fourth year as PEEG member and Engineering Geologist at the SF Bay Regional Water Board. I envision continuing to expand our membership and collaborate on fun and gratifying work with you all in the future.

As we begin to normalize after the pandemic issues recede, it is important to remember that PEEG's work is essential to advocate the best possible employment terms in the face of adversity and uncertainty. Not only were we able to quickly end our forced personal leave program and regain our full salaries recently, but we also received our pay increase ahead of schedule. In our section, we made significant progress last year to allow for easier participation through virtual meetings and electronic voting and made efforts to promote involvement even when in-person events are not possible.

I would be honored to be elected as VP and promise to continue responsibly serving our membership to the best of my abilities. Thanks for your support and Go PEEG!
