

Dear PECG Bay Area Members:

The [Alameda County Science and Engineering Fair](#) will be held on **Saturday, March 6,** and **Sunday, March 14.** The Bay Area Section of PECG is a longtime supporter and sponsor of this event and we're strongly encouraging our members to volunteer to be judges for the fair. This year, in light of the pandemic, the fair will be held entirely online so you'll be able to participate from your home. You can follow the instructions below to volunteer. Online training for judges will occur in late February so be sure to volunteer soon!

If you have any questions you can contact the science fair at [judge.acsef@gmail.com](mailto:judge.acsef@gmail.com).

Please create an account and register [HERE](#).

There are several judging-specific questions, including your preferred project categories and days you're available to judge — make sure to select your answers and save your work!

Detailed instructions:

1. On the first page "Judge's Personal Information" enter your responses and **use the "Save and Continue" blue button.**
2. On the next page, "Judge's Preferences," the following information is required:
  - Preferred project categories to judge (dropdowns), select one at the minimum.
  - Sessions you are available (checkboxes "days of Fair x preferred division"). Please consider registering for **Round 1** as we need more judges on this round.
  - Cell phone.
  - Conflict of interest dropdown (child or mentored student) and checkbox for Conflict of Interest statement. **Use the "Next" blue button.**

This completes your registration, you are now on Judges information page. Thank you!
