Candidate Statement: I am Kyle Bly, currently an Air Pollution Specialist at the California Air Resources Board and I am asking for your support for the position of Treasurer. I believe that I am ideally suited for Treasurer due to my knowledge of keeping accurate accounting from my past experience of running my own business. I have been a member of PECG for 3 years now. I believe that getting involved was the best way to learn more about PECG and the work it does for our members. PECG is unique in its singular focus on the members and does not get bogged down in side issues and political topics. As of June 2023, I have been an employee of the State of California for 3 years. In my capacity as an Air Pollution Specialist, I have been tasked with providing creative solutions to problems on a daily basis. This creative approach to problem solving is the mindset that I want to continue to share. That is why I will continue to stay involved and am asking for your support for PECG Fort Sutter Treasurer!
