

LA Section 2023 – 2024 Election Candidate Statement

TREASURER CANDIDATE

Name: VAROUJAN JINBACHIAN
Agency: California Public Utilities Commission
Classification: Senior Utilities Engineer (Specialist)

WORK EXPERIENCE:

I started at the California Public Utilities Commission 24 years ago. I was hired as Utilities Engineer and over the years promoted to Senior Utilities Engineer (Specialist), Senior Utilities Engineer (Supervisor), Program & Project Supervisor, and Program Manager. For a short duration I was also Acting Deputy Director. I chose to leave management and took a Senior Utilities Engineer (Specialist) position.

PECG EXPERIENCE:

I joined the L.A. Section Executive Committee in 1999 as a Delegate. I have served as Section Secretary and Treasurer. Last year, I was also the chair of the L.A. Section's Policies and Bylaws Committee, which worked on updates to these important documents. I have also volunteered as a judge from PECG for the Los Angeles County Science and Engineering Fair.

CANDIDATE STATEMENT:

I have served as Treasurer for the L.A. Section PECG and other organizations I have volunteered for over the years. I am very meticulous in keeping track of all financial activities, and I will take timely action issuing payments for recruitment bonuses and reimbursements for members organizing activities that the L.A. Section Executive Committee votes to financially support. My friends joke that I should have been an accountant, because I actually enjoy preparing my own taxes. :)
