

Vice President At Large: Mohammad Biswas

Classification: Associate Telecommunications Engineer

Department: CalOES

Duration of PEGC Membership: 2.5 Years

PEGC Experience: I have been the VP At-Large for past 12 months, where I have helped the River City Section with various event planning. Aside from planning events and attending the monthly meetings, I have dedicated myself in promoting PEGC to the new employees.

As a Vice President At-Large, I have been instrumental in organizing and executing several community events, including networking dinners and professional development workshops. My focus has been on fostering a sense of community and providing valuable resources to our members. Additionally, I have actively sought out new members and encouraged them to participate in our activities, ensuring that our section remains a vibrant and supportive environment for all.

Candidate Statement: I like what the River City has to offer for its members, which is why I am highly encouraged to run for a section officer position again. With my position, I hope to better represent the section's At-Large members while promoting the overall image of engineers and related professionals in the CA government.
