

**PROFESSIONAL ENGINEERS IN CALIFORNIA GOVERNMENT
2024 - 2025 SACRAMENTO SECTION ELECTION
Candidate Statement**

Membership Secretary: Uyen Do-Tran

Classification: Transportation Engineer, Range B

Department: Caltrans

Years of State Service: 2

PECG Experience: As a young engineer, I quickly recognized the value and importance of union membership. I have witnessed firsthand the positive impacts that PECG has achieved, including improved compensation that aligns with our workload and the introduction of additional benefits for all PECG members, especially during the pandemic. I have had the privilege of working alongside dedicated colleagues who are active PECG members. I am proud of the collective bargaining efforts in areas such as worker safety, optimizing work-life balance, telework transparency, and promoting a fair and enjoyable working environment for all PECG members. With your support, I hope to provide a better PECG experience by continuing to advocate for the needs and rights of our members.

Candidate Statement: As a young engineer, I quickly recognized the value and importance of union membership. I have witnessed firsthand the positive impacts that PECG has achieved, from improved compensation aligning with our workload to the introduction of additional benefits to all PECG members during the pandemic time. I have had the privilege of working alongside colleagues who are active PECG members and very proud of the collective bargaining units in areas of worker safety, optimizing work-life balance, telework transparency, and promoting a fair and enjoyable working environment for all that PECG has advocated for its members.
