POLITICAL LIASON COMMITTEE Tran Dang, Chair

1750 East Fourth Street, Suite 100
Santa Ana, CA 92705

Quarterly Report

June 2023

PECG Orange County Section Monthly Meetings

We are continuing to hold our Section Monthly Board Meetings on the 2nd Thursday of every month. Due to the Covid-19 pandemic, the OC Section has been holding virtual monthly meetings using Teams.

PECG Orange County Section COVID-19

Due to Covid-19, most staff continue to telework, but the majority have started to report to the district office about 1- 3 days per week as directed by their supervisors. OC Section members continue to meet through teleconferencing and have been given tools to work remotely, such as the Remote Desktop System (RDS) and WebEx, and Microsoft TEAMS software. WebEx and Microsoft TEAMS have allowed members to attend and contribute to various meetings remotely and conveniently.

OC Section Committees

The OC Section, through its several committees, continues to involve and inform the membership as well as provide outreach to the community PECG serves. These committees include: Membership Recruitment, Event Planning, Communications, and Student Outreach, among others.

PECG Orange County Section's Membership Committee

After receiving feedback from PECG Corporate regarding effective recruitment methods and practices, the OC Section Recruitment Committee has incorporated the recommended practices to boost and retain our membership. These practices include the followings:

- *Personalizing recruitment presentations based on the work experience of new hires*
- *Scheduling focus meetings with all new hires to teach the membership process*
- *Sending the PECG weekly update directly to new hires until they are added to the mailing list*

The OC Section has also implemented an incentive for new members, where the \$50 "recruitment bonus" awarded to recruiters is instead returned to the new member as a "welcome gift."

To encourage retention and keep members informed, the OC Section will continue to provide the newsletter to all section members. The newsletter will include information about upcoming events, details on benefits within the MOU, PECG Corporate updates, and a welcome section for new members.

OC Science Fair

The OC Section participated as judges at the Orange County Science Fair. It was a pleasure to meet the future STEM individuals. We also appreciate HQ PECG's help with the funding.

OC Member Appreciation Day

The OC Section held a Member Appreciation Day on Monday, April 10, 2023. With much help from PECG HQ, we held this event and had the members come by and get some food and swag. Our members enjoyed themselves and our section board members were there to help. We also thank Brandon Cheathon for all his help.
