WHAT IS PECG?

The Professional Engineers in California Government (PECG) was formed in 1962 by state employed engineers, engineering geologists, land surveyors, architects, land-scape architects, air pollution specialists, and related professionals. PECG is your exclusive representative and negotiates a labor contract covering your pay and benefits – including health insurance, retirement, paid leave, and working conditions.

Thanks to PECG,
our salaries have
gone up by more
than 91% over
the last 18 years!

PECG is an independent organization run by a group of your colleagues who are elected by the members. Top-notch lawyers, contract negotiators, lobbyists, labor consultants, and media specialists represent us individually and collectively.

WHO WE REPRESENT

PECG represents over 14,000 state-employed engineers and related professionals responsible for designing and inspecting California’s highways and bridges, ensuring that schools and hospitals are safe during earthquakes, and protecting our air, water, and beaches.

WHY JOIN PECG?

These victories and countless more can only be accomplished by a membership that knows from years of experience that we are stronger when we work together.
