

PECG FED - PAC

# Our Voice in The Nation's Capitol

## What Happens in our Nation's Capitol Affects Each and Every PECG Member, Including Retired Members!!!

**PECG Retirees can now join the FED-PAC** and support PECG's fight for increased federal funding for transportation, water, clean energy, resource protection, and other infrastructure programs that employ thousands of PECG members. In Washington, D.C., PECG also works to ensure that state-employed public servants perform the engineering and related services in federally-funded state programs.

### PECG Retirees - Join Today!

Retired members can now sign up for automatic FED-PAC contributions through CalPERS

## HELP PECG FED-PAC Elect Candidates Who Support PECG Members

The PECG FED-PAC will only support federal candidates who **share PECG's commitment to cost-effective, efficient government** and will:

- Secure **federal funding** for state transportation, water, energy, school, park, environmental and hospital programs
- **Protect PECG jobs** from wasteful, overpriced outsourcing
- Provide competitive wages and benefits, including **defined-benefit pensions for retired public employees**

## Federal Funding Employs PECG Members

Congress sets the funding levels for programs that employ thousands of state engineers, architects, land surveyors and related professionals. In a typical year, the federal government sends California \$7.5 billion for state transportation programs, \$500 million for water and related infrastructure, \$100 million for state energy programs, and hundreds of millions of dollars for environmental and resource protection programs.

## Washington Decides Who Performs the Work

Washington, D.C. is also where the laws are written that determine who does the work — dedicated public servants or for-profit consultants. PECG supports legislation that requires that work be performed by state-employed engineers and related professionals and not outsourced through mandates, design-build, public-private partnerships, innovative financing and other so-called alternative procurements.

## PEGG FED-PAC Authorization Form

As a member of the Professional Engineers in California Government (PEGG) I hereby authorize the California Public Employees' Retirement System (CalPERS) to withhold from my retirement allowance, in accordance with the rules of said system, deductions for membership dues until such time as I file in the office of PEGG a written request for termination of deductions. I further authorize PEGG to certify to CalPERS the amount of the dues to be deducted, and any subsequent changes in said amount. I understand that CalPERS cannot process a termination notice received directly from me, and that excess deductions taken in error will be refunded to me by PEGG and not by CalPERS. Contributions are not deductible for federal income tax purposes. I understand that my contribution is voluntary and I have the right to refuse to contribute (or may contribute a different amount) without reprisal, benefit or disadvantage. The voluntary contribution will remain in effect until canceled by me in writing or by PEGG.

*Please complete and sign this panel, fold into thirds, staple and drop in the mail! No postage is necessary!*
